

MINISTRY OF HOME AFFAIRS AND CULTURAL HERITAGE

Towards a Secure and Peaceful
Environment in Pursuit of Vision 2030

MAJOR MILESTONES UNDER NDS1, 2021-2025

His Excellency, Dr. E. D. Mnangagwa

The Ministry of Home Affairs and Cultural Heritage is indebted to **His Excellency, The President's** wise leadership and people centric policies. We have upped the ante in the delivery of all the key performance areas in fulfillment of the Second Republic rallying point that of **"Living noone and no place behind"**. This is His Excellency's rallying point as we pursue His Vision of an **Upper Middle Income Society By 2030.**

This is the vision of the Second Republic aimed at charting a new transformative and inclusive development agenda. To achieve the aforesaid, the Ministry is mandated to maintain Law and Order, combating corruption, managing migration, timely registration and issuance of secure identification and travel documents as well as preserving our National Heritage and history documents.

From the year 2021, the Ministry through Civil Registry department successfully conducted a nationwide National Registry exercise. This was done to facilitate access to primary documents and enable every qualifying citizen to take part in the 2023 harmonized elections. More importantly, in support of the National Devolution Agenda, the department has decentralized e-passport services throughout the whole country expanding operations to Gweru, Zvishavane, Gwanda, Gokwe, Chipinge and Beitbridge.

Through the Zimbabwe Republic Police the country has managed to maintain a peaceful environment throughout the campaign period for the 2023 general elections, before and after. There has also been a significant decrease in general crime compared to previous years.
